MOORE TECH SCHOLARSHIP

The purpose of this scholarship is to assist deserving Moore Tech students who need help paying their tuition. This scholarship is available for ALL Moore Tech students, day or night, part-time or full-time, that are under the age of 35 and who demonstrate financial need.

ALL DAY STUDENTS MUST HAVE COMPLETED THE FAFSA AND ALL SUPPORTING DOCUMENTS IN ORDER TO BE CONSIDERED FOR THIS SCHOLARSHIP.

Preference is given to those students who acquire extra fees, i.e. welding, machine shop, and associate degree students. Students must maintain a C average and 90% attendance. Students may forfeit the scholarship if their GPA falls below a C average, their attendance falls below 90%, or they fail a school drug test. Students whose employers pay their tuition are not eligible. This Scholarship is a last dollar scholarship that is applied only toward tuition and fee balances. If students receive additional grants or educational funding from other sources above their tuition balances, scholarship funds may be refunded back to the Moore Tech Scholarship Fund.
